The editor will try to publish newsletters on a three monthly basis. Newsletters since that for the August 2014 edition are also available as a pdf file from the Society website. A new section "5" on the Society web site has been designed to accommodate this.

INTRODUCTION

Welcome to the late summer 2016 newsletter. We have had another excellent programme year and hope to repeat the quality and mixture of speakers over the remaining months of 2016. Our thanks are due to Richard Husband, our former Programme Secretary, who has organised this for the Society, although the day to day administration is now with Rufus Barnes.

From time to time we have to make changes to our published programme on the blue cards. However, the editor tries to keep the programme details on the Society's web site always up to date; this can be found at; - www.cambridgephilatelicsociety.co.uk

If any member is on email, and has not received this newsletter by email, but would be happy to receive future newsletters and communications by email then would you please let the secretary know at; info@cambridgephilatelicsociety.co.uk ; this will help save on both postage and paper costs.

MEMBERS' NEWS

After a short period of health problems **David Stirrups** was admitted on 4th July as an emergency patient to Addenbrooke's Hospital with the subsequent diagnosis of pancreatic cancer. We are sorry to have to report that David's health took a turn for the worse during early August and he died on 12th August. He will be sadly missed by both his family, to whom we offer our deepest sympathy, and the philatelic world. David was closely involved with the Dundee Philatelic Society since 1992 and served in a number of positions including President in their centenary year.

He was actively involved with the annual junior competitions at the Scottish Philatelic Congress from 2004 to 2007. He was elected a Fellow of the Royal Philatelic Society London in 2006, and the following year invited to sign the Book of Scottish Philatelists. David entered philatelic competitions at local, Federation, National and International levels. A review of his awards shows that in recent years he had reached the pinnacle of international competitions with a Gold at the Melbourne International in 2013 and two Large Golds at London 2015.

Given his background it was perhaps an obvious choice for him to be chosen by the Association of British Philatelic Societies to be the Chairman of the 2016 Congress to be held in Cambridge. David threw himself wholeheartedly into chairing the organising committee. He identified locations for the prestigious dinner and for the Signing of the Roll of Distinguished Philatelists. Alas, however, David's health began to deteriorate and it was clear to him by the last pre-event committee meeting that he had to step aside. The Congress was a great success and its success was in no small way due to his diligence and sheer hard work.

Tony Crofton was admitted to Papworth Hospital in early July for the fitting of a pace maker. Our treasurer spoke to Tony a week ago when he confirmed he has his pacemaker successfully in place and is back on the road to good health. He expects to be able to attend meetings again shortly.

New York 2016 World Stamp show. Three members from Cambridge P S contributed to the Royal Philatelic Society London's display of 147 single sheet display in New York, one for each year that the society has been in existence. Congratulations are due to;

1993: **Richard Husband**; Great Britain forged 24p Machin postally used.

A WEMBLEY STORY – DON KNIGHT

We welcomed **Don Knight** for an interesting evening of Wembley memorabilia, postcards, labels, postal stationery, postal wrappers and also stamps. Of interest were tickets for the 1948 Olympic Games and overprinted stamps depicting the games, as well as signed covers from the very successful 1996 World Cup football team.

AN EVENING WITH THE NEWSPAPERS

Simon Kelly, our immediate past president, delighted us with an excellent display of the different tax dies levied on paper used for the printing of newspapers, under the title of; An Evening with the Newspapers. Additional tax levies were also a means of raising money to fund the cost of wars. Paper had to be sent to Somerset House for taxing, before going to printers for the printing of the newspaper.

First up was a 1712 edition of The Spectator with a ½d red Newspaper Duty die. Subsequent copies showed Additional dies with multiple ½d supplements. By 1815 the tax was 4d but discounts were available. In 1836 the Tax came down to 1d shown by an example on a complete page of The Times.

In 1853 the first black dies appeared with The Times, then the Illustrated London News and the Stamford Mercury. These were printed together with the news at the newspaper offices, and a tell-tale kept an account of the number of impressions. Illustrations from the ILN showed the handling of the papers by the Post Office, and stamped front pages showed the black stamps on issues reporting the progress of the Ethiopian Campaign.

The second half concentrated on the Stamford Mercury which is believed to have started around 1710-1712. Several original examples of the whole paper were shown from around 1789 with different red and black die impressions. Copies of squared circle and hooded postmark essays of 1878 were seen followed by used examples of hooded postmarks.

Many examples of newspaper wrappers were shown with postal stationery from Victoria through Edward VII, George V and George VI to Elizabeth II including Wilding and Machin eras; all were pre-cancelled with the Stamford Mercury hooded dies. An example of the only known error of colour for a stationery die, the halfpenny blue as opposed to turquoise of 1971.

**Wednesday 3rd August****MEMBERS' EVENING; CARRIED BY BOAT**

John Towler commenced the session by putting up a London ship letter to the USA via the steamer Baltic. This was followed by various service personnel postcards from on board ship. **Alistair Boggust** displayed a full sheet of Newfoundland stamps which had to arrive there via ship. He also put up examples of TPO (sea) mail. **Richard Husband** showed various covers transported by ship including Antarctic cruise ship mail, and an air letter written on board a ship. **Michael Leveridge** displayed different paquebot cancellations and also copy letters from the National Maritime Museum concerning a ship's master who drowned. **John George** put up TPO covers from the Nile ships as well as ship mail from Huntingdon to Australia, and mail emanating from the Crimea War. **Mike Bavin** revealed different ships letters including one to Denmark. **Peter Morton** finished off the first session with examples of Victorian stamps used on letters posted on board Channel Islands steamers going to the French ports for mail destined to the UK.

Alistair Kennedy showed a multitude of covers which travelled from different destinations, including Aden, Mauritius and India to London. **Tony Crowther** followed with a Scottish flavour with ships mail to and from Scotland including India to Montrose and Edinburgh to Calcutta. Lillian Swift put up train ferry mail from Copenhagen to Sweden and also Norwegian cruise ship mail. **Graham Wylde** concluded the evening with covers from the UK to USA, Vienna and Leipzig, all bearing Victorian surface printed stamps.

Friday 19th August**THE VICTORIA CROSS**

We welcomed **Ron Jones** who gave a fascinating display by way of a mixture of stamps, covers, postcards, photographs and memorabilia all involving the Victoria Cross. With some winners of the VC there was a potted history of the individual concerned and how that party came to be awarded the VC. In the second half Ron showed various cigarette cards of the VC winners.
